Artist's statement:

"It's been over 20 years since I've painted a whole collection of nudes.

I was very excited to return to the subject matter, it's perhaps my favourite yet most challenging genre.

The figure, to me, represents a sort of celebration of the human form.

As a female painter, nudes have always been rather symbolic and autobiographical for me.

With this collection, I wanted to create small, intimate works."
